

July 29, 2011

Dear STARS II Industry Partner,

The Small Business Governmentwide Acquisition Contracts (GWAC) Center welcomes you to our portfolio of Small Business Industry Partners. As an elite group of small 8(a) information technology businesses, we believe that with this award, you will continue the fine tradition of providing superior service to federal customers through the use of Small Business GWACs. We are thrilled to be able to offer federal agencies a highly qualified group of contractors to help them achieve their small business socioeconomic goals.

As you enter this new arena of governmentwide contracts, we realize that you may have many questions. It is our role to help you navigate through the new terrain and assist you with your contractual questions as well as customer inquiries.

We encourage you to contact us for any reason. Whether you have a question, concern, or would like to share your success with the STARS II contract, we enjoy hearing from you. We are looking forward to developing relationships with you, and sharing in your success. Congratulations and welcome!

Sincerely,

Stephen P. Triplett
Director, Small Business GWAC Center

Technology Solutions for Your Mission Requirements: 8(a) STARS II

8(a) STARS II GWAC

Introduction to 8(a) STARS II

8(a) STARS II is a multiple-award, indefinite-delivery/indefinite quantity (IDIQ) contract engineered to provide cutting-edge technology solutions from award-winning 8(a) small businesses to federal agencies. Using 8(a) STARS II will enable you to access 8(a) firms through an established contract vehicle instead of traditional, open market methods – saving time and taxpayer money.

Contract Scope

The scope of the 8(a) STARS II Governmentwide Acquisition Contract (GWAC) is centered on four functional areas (FAs), derived from the North American Industrial Classification System (NAICS). The contract offers simple to complex IT service solutions such as: IT help desk support, information assurance, cyber-security, virtualization, IPV6, Web 2.0, and more.

The 8(a) STARS II GWAC is structured with two tiers, known as constellations. The constellation design is new to the 8(a) STARS II GWAC, and offers additional features and benefits. Constellation I includes prime contractors who are technically proficient and offer competitive pricing.

Constellation II prime contractors provide the same strengths as Constellation I, plus the added benefit of either a Capability Maturity Model Integration (CMMI) Level II+ Services or Development credential, or an ISO 9001:2000 or 9001:2008 credential.

See the back of this publication for the features and benefits of using the 8(a) STARS II GWAC.

Ordering

Prior to issuing orders under 8(a) STARS II, federal contracting officers are required to receive training on the use of the 8(a) STARS II contract and be granted a written delegation of procurement authority from the GSA Small Business GWAC Center. Training is offered at no cost via:

- A self-paced, online course;
- Onsite training conferences and events;
- Web or video conferences; and
- Conference calls.

Smarter Solutions

Features	Benefits
<ul style="list-style-type: none"> • \$10B program ceiling and five-year base period with one, five-year option 	<ul style="list-style-type: none"> • Allows for long term planning of large scale program requirements
